

Karamoja Interest Group on Mining (KAMIG):

Resource Rights Africa is a member of KAMIG, a network of stakeholders comprising technical persons from the District Local Governments, artisanal and small-scale miners representatives, Civil Society Organizations and mining community institutions working on joint efforts on conflicts around mining and other mining related issues in Karamoja Sub-Region. KAMIG was mandated by the First Karamoja multi-stakeholder meeting on land and land-related conflicts supported by the [GIZ/Civil Peace Service](#) to develop partnerships that contribute to the transformation of conflicts related to mining.

Goal

To develop partnerships that contribute to the transformation of conflicts related to mining in Karamoja.

Objectives

- To bridge the information gap between mining agencies, local governments and the communities;
- To profile or document mining issues in Karamoja sub-region;
- To build the capacities of local governments and communities in land use, planning and group formation;
- To foster transparency and accountability on benefits accruing from mining;
- To lobby and create partnerships for development and advocacy; and
- To create platforms for stakeholder engagement on mining activities.
